Hilon International Home - Picasso Joinery Factory History

- Began in 1972 in Valencia, Spain when a company specialized in the design and execution of high luxury decoration projects and then depended on Spanish factories and local workshops to carry out their work of execution. After a thorough study, the decision was made to establish the first factory, dedicated to the execution of wood and furniture decoration works, to be carried out in Turkey. The partners and Management of Spain have a deep vision and purpose to take advantage of the privileges utilizing the use of European management method and the advantage technology in machinery, along with highly professional and qualified workforce in addition to the creative craftsmen in carving and carpentry in the country, as well as the aspiration to enter the Arab and European markets due to its geographical features recognizing it as an excellent channel, the factory was officially opened in 1978.

As the company continues to develop, improve and expand in a long run, it became the largest factory in the country with an area of 80,000 m² with its various production lines. The company were able penetrate also the international market through exports mainly in Spain, France, Russia, Africa and the Gulf countries, until the brand became synonymous with quality and luxury.
